 FAX NUMBER: (503)286-5938 Phone #: (503)240-5570
 SUBJECT: Northwest Magnet Inc.

Northwest Magnet Inc. has been our primary source for electric generator and motor service for the past 5 years. In addition to supplying outstanding quality services, they have been an invaluable source of technical information. We have used NW Magnet primarily for the following services:

- Electric generator rewinding (5 kW to 600 kW)
- Electric motor rewinding (3 hp to 20 hp)
- Electric generator cleaning and insulation servicing
- Machining service on all electrical components
- Specialty application rewinding

I would recommend NW Magnet to any company requiring high quality, reasonably priced electrical services.
